

Tuff-Tote™ Tool Carriers

- *IDEAL presents the ultimate in tool carrying organization and practicality. Innovative, professional designs made of the finest available materials*
- *Quality crafted and field-tested for durability, structural integrity and functionality. Engineered to make your job easier and more productive day after day*
- *Choose from carefully engineered styles of heavy-duty nylon to premium leathers that include shoulder bags, hand-held carriers, pouches, holsters, bucket bags, totes and more*
- *IDEAL brings you dependability and efficiency you can trust—every day. Don't go to work without one!*

Tuff-Tote Leather Tool Carriers

For Master Electricians who demand the very best, IDEAL delivers exceptional quality tool carriers, handcrafted from heavy weight full grain cowhide leathers. Number one grade full thickness cowhides are slow tanned in a natural 'tea' of tree bark to preserve the 'raw' hides. The preserved hides are tumbled and oils are added to make them more supple and flexible. The resulting natural full grain leather cowhides become our Standard leather.

The Premium Tan and Black leathers require extra drum dying to penetrate the leather fibers all the way through with pigment, then a wax coating is applied, to give it the glowing golden tan and rich black that distinguishes IDEAL Premium leather from any other.

The resulting top grain leather is the strongest most puncture-resistant and beautiful leather used in the industry.

For fifteen years, IDEAL Craftsmen have been building Tuff-Tote tool carriers and pouches to exacting standards, in our leather production facilities. This is where the heavy vegetable-tanned leathers are hand-crafted into the durable, functional leather Tuff-Totes that represent the state of the art in leather tool carriers.

Custom Embossing

Enhance your company's image with your logo deeply and permanently embossed into the rich top grain leather on one of our Tuff-Tote tool carriers or pouches.

Inquire about our custom embossing service (see page 11)

Comfortable leather grab handle

Corrosion resistant bright zinc plated rivet caps

Large pockets
Rot and mildew resistant, heavy weight nylon thread

Standard Leather

Top grain, naturally-tanned cowhide. Extremely sturdy, puncture-resistant. Five year warranty.

Premium Tan Leather

Rich top grain cowhide. Oiled, waxed and dyed through. Moisture resistant, puncture-resistant and durable. Lifetime warranty.

Premium Black Leather

Classic highly polished top grain dyed leather. Moisture resistant, scuff resistant. Very durable. Lifetime warranty.

Powerful industrial sewing machines permanently lockstitch the pieces together with nylon thread

Tuff-Tote Ultimate Tool Carriers

From Apprentice to Master Electrician, these leather Ultimate Tool Carriers represent the state of the art in carriers. Your tools are safe, organized and accessible no matter where your job takes you. Handmade of full grain naturally tanned leather they represent functionality, practicality and quality. Each pouch is hand cut, sewn and assembled using heavy nylon thread and the best nickel plated hardware.

Tuff-Tote Tool Carriers

Get a handle on the job. Now, transporting and accessing your tools has never been easier with this complete line of Tuff-Tote™ Tool Carriers from IDEAL. Each carrier comes with a shoulder strap and a grab handle for comfort and carrying versatility. Choose from two lines of high-quality leather. The Premium Line, with a lifetime guarantee, features heavy, top-grain cowhide, hand-crafted, slow-tanned, and oil-treated. The Standard Line offers top-grain, slow-tanned cowhide that ages to a deep tan and is backed by a 5-year warranty.

- Convenient 6" x 8" tool organizer features four screwdriver slots and two spacious interior compartments.
- Two divided outside pockets and four outside tool loops give quick access. Rust resistant, plated-steel hardware and heavy, lock-stitched nylon thread provide long-term durability.
- Exclusive stand-alone design keeps tools upright and prevents spilling. The reinforced bottom is oil and moisture resistant.

Make a Marketing Impact

Customization says it all. The perfect way to make the most of your company name. IDEAL nylon bags come alive with your logo beautifully embroidered or silkscreened. Add the perfect touch to the IDEAL leather carriers with customized logo embossing.

Crafted to perfection by talented artists using state-of-the-art equipment, personalized IDEAL tool totes keep your logo in clear view. Your logo is a strong visual reminder of the benefits of doing business with you.

From your first phone call to the final delivery, IDEAL guarantees exceptional customer service.

Your logo becomes a work of art, as vibrant thread colors are carefully matched to the colors of your company's logo.

Starting with premium quality grade leather, custom embossing enhances this superior product from IDEAL.

5 Easy Steps . . . No Minimum Orders

1. Contact our Customer Service Department at 1-800-435-0709 ext. 199 for your purchase order.
2. Send in your camera-ready art via U.S. mail or send us your art electronically by logging on to: www.idealcustomlogos.com where you will find step-by-step instructions. Simply fill in the form and click to send.
3. IDEAL will perfectly match your logo colors with the right thread for embroidery, or ink colors for silkscreening, or your logo is converted into an embossing die for leather embossing.
4. New orders require 4-6 weeks for production; re-orders arrive in just 2-4 weeks.
5. Orders are shipped directly to the distributor or end-user.
